

CONGRESS PRELIMINARY PROGRAMME

2*26
RESUSCITATION
17 – 19 SEPTEMBER
MILAN

EUROPEAN
RESUSCITATION
COUNCIL

	Day 1 - THURSDAY SEPTEMBER 17			
	Ocean 1-2-3-4	Sky 1-2	Aqua 1-2	Aqua 3 / 4
Morning 1 08:30-09:30 60 min				
09:30-10:00				
Morning 2 10:00-11:00 60 min				
11:30-13:00				
12:00-13:00				
Afternoon 1 13:00-14:30 90 min	Opening ceremony			
14:30 - 15:00	<i>Coffee break</i>			
	Industry sessions (Room: rapid-fire session area)			
Afternoon 2 15:00-15:45 45 min	Ethics - round table	Maternal Cardiac Arrest	How mentorship has influenced my resuscitation career: reflections of a mentee and mentor	How to Manage Cardiac Arrest in Children in Different Settings: A Case-Based Workshop with Experts' Tips & Tricks 15:00-16:00
Afternoon 3 16:15-17:00 45 min	Controversies in defibrillation	Educational formats to teach Resuscitation	DEI Session on Inequities in Cardiac Arrest	WISER: inspiring, supporting and empowering women in resuscitation
Afternoon 3 17:30-18:15 45 min	Oral Abstracts 1	Oral Abstracts 2	Survivorship Networks – Lighting the Fire 17:30-18:30	10 steps to improve in-hospital cardiac arrest - How to map your hospital

Day 2 - FRIDAY SEPTEMBER 18					
	Ocean 1-2	Ocean 3-4	Sky 1-2	Aqua 1-2	Aqua 3 / 4
Morning 1 08:30-09:30 60 min	Automated External Defibrillators Under the Microscope: Access, Equity, Cost, and Outcomes	Brain Injury After Cardiac Arrest: Pathophysiology, and Emerging Therapies	Drug delivery in Cardiac Arrest – Current evidence	AI in Resuscitation	Young ERC Resuscitation Science Masterclass Forum - Getting Started with Patient and Public Involvement and Engagement (PPIE)
09:30-10:00	<i>Coffee break</i>				
	<i>Industry sessions (Room: rapid-fire session area)</i>				
Morning 2 10:00-11:00 60 min	Oral abstracts - Young Investigator Award	How to teach Resuscitation	Coma after arrest: towards an earlier prognostication	AI in Resuscitation	Psychological impact of resuscitation on bystanders: Evidence, Challenges, and Support Interventions
11:30-13:00	Poster session (Room: e-Poster area)				
12:00-13:00	<i>Lunch</i>				
Afternoon 1 13:00-14:00 60 min	Challenges in Paediatric Resuscitation and Post-cardiac arrest care	Survivorship – Measuring what matters	Ventilation – Optimising Ventilation in Adult Advanced Life Support	Immersive Virtual Reality (VR) for Resuscitation Training: Evidence, Hands-on Practice and Implementation	NRC leadership role: Transforming evidence to survival
Afternoon 2 14:30-15:30 60 min	Cardiac arrest centers	Current challenges in newborn resuscitation	Resuscitation Outcomes Consortia from across the world	Extracorporeal CPR	Future-Proof Resuscitation Education: From Courses to Continuous Learning Systems
15:30- 16:00	<i>Coffee break</i>				
	<i>Industry sessions (Room: rapid-fire session area)</i>				
Afternoon 3 16:00-17:00 60 min	REBOA: Trial, Error... and Another Trial?	Epidemiology of cardiac arrest	Bicarbonate in In-Hospital Cardiac Arrest	Cure your neonatophobia – Preterm infants	Precision Medicine for Cardiac Arrest - the PREMEDICARE COST Action

Day 3 - SATURDAY SEPTEMBER 19

	Day 3 - SATURDAY SEPTEMBER 19			
	Ocean 1-2-3-4	Sky 1-2	Aqua 1-2	Aqua 3 / 4
Morning 1 08:30-09:30 60 min	Late Breaking / Hot Topics	Future of learning	Championing implementation of resuscitation guidelines as an early-career professional	EuReCa 4
09:30-10:00	<i>Coffee break</i>			
	Industry sessions (Room: rapid-fire session area)			
Morning 2 10:00-11:00 60 min	Survivorship & Recovery – Evidence update	Optimizing your resuscitation team to improve patient care	Physiology guided CPR in the pre-hospital setting: pro- / con- debate	Cure your neonatophobia – The term infant at birth
11:30-13:00	Poster session (Room: e-Poster area)			
12:00-13:00	<i>Lunch</i>			
Afternoon 1 13:00-14:00 60 min	Oral abstracts - Best of the Best	Transitioning from NLS to PLS: when, how, and why?	Post-arrest Physiology: Haemodynamic and Ventilatory Targets after ROSC	Resuscitation in low resource settings
Afternoon 2 14:30-15:30 60 min	Closing ceremony
